

## Recommended for AF and GN containers

- Available in 3 versions:
  1. with chrome plated steel handle and castors in galvanized steel
  2. with handle and castors in stainless steel
  3. without handle
- It allows to move without effort up to three stacked containers.
- Lightweight and easily manoeuvrable, thanks to its convenient handle
- Large capacity: can carry up to 150Kg in weight.
- Shockproof structure.
- It does not damage furniture or walls in case of accidental contact.
- Free of sharp corners for staff safety.
- Designed to be long lasting: performance remains basically unaltered when reused.
- Fully recyclable at the end of the operating life.
